LOW COST, HIGH VALUE!
ULTIMATE PERFORMANCE!

ICON DIGITAL JUKEBOX

Icon is the ideal jukebox for users and operators alike. Easy to operate for the customer and ideal for the needs of the operator with flexible easily accessible box management information for simplified bookkeeping. Control the music profile to suit your venue!

The Icon's imposing 19 inch display is the portal to a huge selection of your favourite music. Categories/genres can be adapted to suit that special occasion or venue. The library of up to 80,000 music tracks is easily accessible thanks to the Icon's intelligent fast search engine. Video is no problem for this state of the art jukebox allowing the music connoisseur over 2000 tracks.

With its built in sound to light technology and its awesome sound quality Icon is the most exciting new jukebox of the 21st century!
