GAMEPLAY, FEATURES & BENEFITS

- ◆ Players test their skills by dropping coins/tokens down a brightly colored ramp aiming to pile coins over the edge, where falling coins register as redemption tickets for payout. This creates player appeal and more profit for you.
- ◆ Unique circular configuration creates an enticing 6-ft long coin pile-up at each station. The constant motion of the rotating playfield is eye-catching and draws players to it, creating more profit for you.
- ◆ Each station has the lure of a 4-digit payout, keeping players at the game longer, making you more profit.
- ◆ Full one-year warranty and the best personal service in the business . . . GUARANTEED!
