THUNDERDOME
by SHELTI
Home Dome Hockey Table

Model # TD-Y-AB

All Thunderdome Tables Come with:
3 Pucks, 2 Thunderdome Side Graphic
Labels, Warranty Registration and
Instructions

Assembled Size:
41" L. x 36" W. x 51 3/4" H.
Cabinet Apron Ht:
4 1/2"
Weight:
230 lbs.

Automated Puck Injector

Face-off with the press of a button. Motorized catapult system launches puck into play. Concealed ramps return puck from goal nets to "center-ice".

Sound Effects Button

Crank up the pipe organ to spark a rally or stir the crowd to boo your opponent's lucky goal. "Stadium sounds" buttons are at both players fingertips. Dual audio outputs to the base-mounted speaker and scoring unit set the mood for a spirited victory dance.

Ultra-Smooth Chrome-Plated Rods

Hollow-ground steel with 0.120" wall thickness. Marriage of high-lubricity materials—nylon bushings and rods—result in exceptional play performance with minimal friction wear.

Steel Rod Supports in Feet of Men

Allows torque and pressure to be applied to the clutch, rather than the fitting between the man and gear box.

Attractive Playfield Graphics

Screened into high-pressure laminate and covered with a protective clear-coat for long wear.

Side-Mounted Electronic Scoring

Utilizes infrared scoring for reliability and accuracy. Sounds goal scored. Side mounted to keep player sight lines clear. Select from several game options including 15, 10, or 5 minute games, race to score 10, 7 or 5 goals, or unlimited Free Play.

Gear Box Clutch System

Designed to "give" when opposing man-to-man force is applied—reduces likelihood of stick or man breakage and extends life of gear box.

2:1 Turning Ratio on Gear Box

Delivers quick player response and lively play—360 degree player turn requires only 180 degree handle turn.

Playfield Supports Across Entire Surface

Supported on all 4 sides of the cabinet, by 2 beams running between the rods, and the tops of the player gear boxes.

Gear boxes are supported by durable extruded aluminum channels.

Split Molded Base with Levelers

For easy installation through tight spaces.

Includes 4 leg levelers to assure level play surface—adjustable to 1".

6-Month "Top to Bottom" Limited Warranty

**The Blue Line
Thunderdome is making
lots of noise among
hardcore hockey fans.**

To play arcade dome hockey this intense at home, you oughta sign a waiver. The Thunderdome pumps the sounds of organs, vendors and crushing victory into any house lucky enough to have one. Each player gets a shot at taking their team all the way with ultra-smooth chrome-plated rods and a quick-responding gear box. Should you

suffer the temporary setback of being scored upon, simply press either of your team's two buttons—one to get the crowd behind you and another to launch the puck back into play and even things up. The action on this premium table is unobstructed, fun and fast. If you've read this far, you can't say that you haven't been warned!
