

# Cruisin' EXOTICA

ADAPTABLE  
FOR  
ALL AGES

## NOW YOU'RE GOING PLACES!

The cruise of a newsworld will bring deep pockets of Atlanta. A two-lane street will feel like the freeway. Because Cruisin' Exotica is here!

This third Cruisin' game has 12 exotic new tracks, the new Zone 2 hardware, killer graphics and a massive size.

But be impressed as the game itself is. We discuss what really matters. Call, read, compare.

In 1994, Cruisin' USA was released and in 1996 Cruisin' World. Both were named AMCA Game of the Year. To date, the two combined have collected over one billion dollars worth of prizes. Fact is, the average Cruisin' game pays for itself but times over.

Which means they are incredibly popular with the players, and extremely successful with the owners who don't fit the system.
