

GOLDEN TEE **HOME EDITION**

Bring the Game You Know and Love Into Your Living Room!

The Golden Tee Home Edition is an offline edition of Golden Tee LIVE that provides the same stunning courses, gameplay options and cutting edge graphics that you see at your favorite local watering hole.

- NEW in 2012! Golden Tees and Bite are included in the Home Unit! Adjust your tee placement and height with Golden Tees, and control your shots into the green with a third spin option. Master these new features for when you take your game to the bar!
- Get every Golden Tee LIVE course ever created! That's right, Home Unit owners will get the latest courses in the game, PLUS they'll be able to test their skills on all 35 available LIVE courses!
- CTPP is all yours! The local version of Closest-to-the-Pin comes on every Home Unit! Make it a party, go for the ace, and take advantage of one of Golden Tee's hidden gems!
- Adjust the difficulty to fit your game! Start out easy or ramp up the settings for a challenge! Increase the winds, the breaks in the greens, and work your way up as you become a trackball master!
- Use high performance Golden Tee equipment! You'll have all the vintage Golden Tee clubs and balls at your fingertips to simulate LIVE play! More than 100 combinations total!
- Be a character! Customize your golfer using a giant variety of clothing options available in the Home Edition! From cool and collected to loud and proud!
- Show off your all-time bests! All your greatest scores and achievements will be saved and stored on the game and displayed on your very own local leaderboards!
- Hook it up to almost any HD television or go big and connect it to a projection screen! When you're done playing, slide it out of the way with ease and then move it back when you're ready for your next round!

Weight:	220 lbs.

¹Monitor not included. Cabinet connects to most HDTVs. HDMI connection recommended.

²Integrated Stand available at an additional cost.

Pricing

Home Edition Retail Value \$3995.

Frequently Asked Questions

Q: What comes with a Home Unit purchase?

A: When you purchase a Home Unit game, you'll get the Showpiece cabinet, the marquee identifying the game, and an HDMI cable to connect the game to your T.V. of choice.

Q: So a T.V. doesn't come with the purchase?

A: Nope, the T.V. is on you, and you can spend as much as you please when it comes to setting up your very own Golden Tee home game. Most bars typically use a 42" flat screen, but it's up to you how big or small you want to go. If you're looking for a way to mount your television, you can contact us to find out more about IT's official Showpiece stand.

Q: I'm fortunate enough to have a projection screen, will this work with the Showpiece??

A: Absolutely. You'll likely have a hard time ever leaving your house if you're playing on a big projection screen, but this will absolutely work with the game.

Q: Does my T.V. have to be used exclusively for my game?

A: Nope. If you already have a T.V. in place you can hook up your Golden Tee when you want to play, and still watch your favorite sporting events when you're not playing. The Showpiece is moveable and can be tucked away if/when you decide to move it.

Q: How is the Home Unit different from the Golden Tee game I'm used to seeing in bars?

A: First, there is no coin vault or card swipe on the Home Unit and the game is not online unlike Golden Tee LIVE. While you won't be able to keep track of your stats on your Golden Tee Player Card, the game does have local leaderboards that keeps track of your best scores for each course.

Q: What adjustments or features do I have control of on the Home Game?

A: As a GT Home Unit owner, you will have complete control of the difficulty settings on the game. You'll be able to select 1 through 5, 1 being the easiest and 5 being the hardest. With increased difficulty come higher winds, bigger breaks in greens and more. This is the perfect way to improve your game one step at a time!

Q: What about the balls, clothes, and clubs? Are any of these added features from Golden Tee LIVE available on the Home Unit?

A: Yes. In the Golden Tee Home Unit you'll have unlimited access to all vintage clubs and balls used in previous Golden Tees. You'll also be able to deck your golfer in thousands of clothing options from the previous installment as well. From professional to downright whacky...

Q: How about the courses? How many of them come with the purchase of the game?

A: All of 'em! That's right, you'll have the ability to play every Golden Tee LIVE ever created, including the latest courses that are being played in bars. With more than 30 courses at your fingertips, you'll be plenty occupied for a while!

Q: Is my Home Unit compatible with annual course updates for the game?

A: Yes. You can purchase these course updates once they are available, and you will receive a memory stick that can be uploaded to your game.

Q: Can I install these updates myself, or will someone have to do it for me?

A: It's quick and easy! Should be no problems, even if you wouldn't classify yourself as tech savvy.

Q: Do I get anything exclusive with my Home Unit?

A: Yes! Well, mostly yes. The operator Closest-to-the-Pin mode comes with the game and can be turned on or off at anytime! Get a group of buddies together, throw on this fantastic party mode, (which you couldn't have tried out without an operator's help at a bar), and go to town!
