

GOLDEN TEE *Fore!* FORE!

WITH PETER JACOBSEN

SIZE MATTERS.

THE BIGGEST GAME NOW FITS ANYWHERE!

The biggest earner in coin-op, Golden Tee Fore!, just got smaller! Do you have a location where our full-size game won't fit? Our new, smaller version is perfect for establishments with limited floor space. Now you can have all the excitement and earnings of Golden Tee Fore! but in a compact cabinet that needs half the space of our full-size game.

- No change in play mechanics - players say it plays just like the full-size game!
- Comes complete with full online capability for ITNet League Play: hard drive, card reader, and phone modem. (ITS Tournament Not Available)
- Think Small! New locations! Waiting Rooms, Upscale bars and chain restaurants are perfect!
- We reduced the size - not the earnings!
