WHAT MAKES THE Rx SPECIAL? JUSK ASK...

Bartenders – Bartenders can serve drinks or interact with customers directly over the Rx, making it a welcome addition where eye contact is essential and bar space is at a premium.

Players – Great games set the Rx apart from the competition, and its ergonomic screen angle encourages players to keep purchasing credit after credit.

Restaurant Owners – The Rx fits seamlessly into any restaurant's décor, complementing the location's vibe without compromising the owner's vision.

Operators – The Rx boasts a clean internal layout and easily-serviced components. Emptying the cashbox is the most frequent task operators face each month.
