

[FOR IMMEDIATE RELEASE]

2014 Best Of Show Arcade Machine Awards Revealed To Public

Annual BOSA Awards for Arcade Machine innovation and creativity announced jointly by BMIGaming.com and The Stinger Report today

[Feb 27, 2014 - Boca Raton, FL] - Marking its third year, and now with strong worldwide amusement industry recognition, BMIGaming.com and [The Stinger Report](http://TheStingerReport.com) announced today the highly anticipated **Best Of Show Arcade Machines Awards (BOSA)** for 2014.

The **BOSA Awards** recognize the best of new arcade machine innovations and applications, as seen within the global amusement industry throughout 2013, with the awards noting creativity, innovation and originality in new arcade machines introduced in the amusement device and arcade game sectors.

The **BOSA** has quickly become a noted "mark of excellent" within the industry for new products releases. Growing in size each year, the **BOSA Awards** will continue to chart new arcade gaming trends and use of exciting and innovative new technologies that will shape the digital out-of-home entertainment arena.

New for 2014, the **BOSA** continues to expand its reach, with the inclusion of a new awards category for 'Physical Action / Sports Arcade Games', for a total of four product categories which cover both ground-breaking and significant arcade machine and amusement device product releases in 2013.

After an exhaustive review of the latest arcade machines, including many new products released at the recent [IAAPA Amusement Expo](http://IAAPA.com) in Orlando, FL, and through a very arduous voting process, the 2014 **BOSA Award** winners are ready to be unveiled. Each category has only the potential for products to be awarded a Gold, Silver or Bronze Medal, or "Notable Mention" Award.

The **BOSA Awards** finalists were judged internally by the staff at both BMIGaming.com and [The Stinger Report](http://TheStingerReport.com), based on products reviewed throughout 2013 and at the annual [IAAPA Amusement Expo](http://IAAPA.com).

Finalists for the **Best Of Show Arcade Machine Awards** are assigned weighted point scores by our panel of (7) judges using all of these six factors : *Game Originality, Game Uniqueness, Game Playability and Enjoyment, Market Relevance, Earning Potential and Product Pricing*. The physical **BOSA Awards** will be handed out during the upcoming Amusement Expo in Las Vegas during the end of March, 2014
