About Stack 'N' Grab

- The World's #1 prize vending Stacker game in the evergreen crane concept.
- Players win a prize when they have successfully conquered all ten levels of Stacker.

How the Game Works?

- Players must first win the 10 levels Stacker block building game. Stack the moving blocks horizontally on top of another.

How the Game Works?

4-prong
claw strong
to grip a big
toy like me!

- Players use the four directional joystick to move the claw to the desired prize position.
- Once the position is confirmed, players then use the claw to grab the prize until it falls into the prize hopper.
- Lastly, players collect the prize from the hopper.
- Prize is guaranteed once players successfully conquer all 10 levels of Stacker game.

Fun to
play, easy
to catch!
