The excitement of tomorrow's technology today

The future is here with PIX PLACE™. Its giant 32-inch monitor attracts you right to the front of the machine. Its contemporary styling relates to today's digital-minded audience. Its small footprint goes anywhere, and its incredible software is cutting edge. Hook-up remote monitors. Create videos with voice messages. Connect to social networks. Collect email. Choose your photo format...PIX PLACE™ has it all. If your location is thinking about tomorrow, think PIX PLACE™.
