

**IAAPA AWARD WINNING
BEST NEW PRODUCT**

Bubble Up™

Reliable, simple game design with very low maintenance.

Simple game, that challenges players of all ages to play again and again.

The object of Bubble Up is to keep the ball within the Green Zone to win tickets redeemable for merchandise. The longer the player keeps the ball within the Green Zone the more tickets they win!

The player suspends the ball by adjusting the pressure applied to the control knob which in turn, increases or decreases the airflow within the vertical tube.

Fully adjustable ticket payout.

Same GREAT play as Capsule Craze!

Extensive programming options and self diagnostic features help to maximize revenue and control the Cost of Goods.

Bubble Up! has all the qualities and features of another genuine BSR winner. No redemption location can afford to be without this IAPPA Award Winning game!
