#1 PLAY VALUE Game for 2013

- The four player Harpoon Lagoon commands very little floor space.
- Players aim and skillfully shoot harpoons at the various fish on screen, all while anticipating when the hidden jelly fish will come out of the treasure chest for a chance to win the super bonus.
- 47" crystal clear LCD monitor boasts stunning graphics
- LED's in each corner of the game creates a glowing and "floating effect" that reels players in from any area of the game room.
- Operator friendly double ticket bins, easy setup and precise operator controls make this an easy decision for any location
