PIG OUT!

Watch Out! It's a Pig Out!

Although it is geared towards the wee ones, this game is fun for all ages. Have fun scooping different colored food into the bright pink pig's gobbling mouth! Simply coin up and move the handle up and down to shovel dropping balls into the pig's opening and closing mouth. Make sure you time it just right to get the maximum amount of balls in the target! Score tickets by getting as many balls as you can into the moving mouth and remember- balls shoveled in the last few seconds are worth double!
