

PRIZE HUB[®]

The *EVOLUTION* of Self-Contained Prize Counters!

passion in ★ fun out

PRIZE HUB hybrid

Prize Hub is Bay Tek's newest innovation designed and built in the USA to create game rooms where there have never been game rooms before! This self-contained prize center introduces a sleek, modern approach to the redemption market.

Prize Hub offers customers two options to enter the market; a Hybrid or Modular model.

The Hybrid offers a smaller footprint, all-in-one approach with low, medium and high-value prize display capabilities.

The Modular unit offers more flexibility in variety and prize capacity. Expand its potential even more by adding up to two each of the Capsule, Spindle, and Locker Hubs.

On either model, players use the intuitive 22" touch screen to shop and claim prizes while operators benefit from the user-friendly menus.

DIMENSIONS:
53.25"W x 33.5"D x 78.75"H

I'm the all-in-one compact hybrid!

Prize Hub is compatible with:

Bay Tek's Coupon System
