

# TICKET MONSTER

**AHHHH!** That's the sound of kids screaming with joy! Ticket Monster is the same great game as the ever-popular Big Bass Wheel, just with a different look that is sure to scare up the same GIANT revenues!

Players step up and pull the handle to spin the monster's big tongue. When the tongue stops, players are awarded tickets. Ticket Monster is equipped with a progressive feature, so each time someone plays the Monster Jackpot creeps higher! Achieving the jackpot is sure to make them scream!

The sounds and bright graphics of Ticket Monster grab attention from all over the room. Ticket Monster also has dual ticket dispensers for more capacity and quicker ticket dispensing. Operators will drool over how user friendly this Monster's menu is to use.

The scariest thing about this guy is the crazy big revenues he'll roll in!

Dimensions: 32"W x 91"D x 116.5"H  
Ship Weight: 1060 lbs.
