

TOWER OF TICKETS

PUSH EXCITMENT TO THE EDGE with this 4-player classic rotary redemption game!

Time the release of the moving arm just right to skillfully knock the novelty-shaped towers of tickets off the rotating playfield and down the prize shoot for players to retrieve.

Coming in Spring 2016: NFC technology allows the game to read the ticket bundles, then return them to the playfield for 100% contained play. Retrofit kits will also be available.
