Ahead of the game! The Shelti Eye² electronic dart continues to be a popular choice with league players throughout the country. Now available for home, the Eye² provides the playing experience and performance of our tavern style game, without the need for coins. Our Eye² has a hinged cabinet that folds for easy transport and installation. An attractive overhead scoring unit, brightly lit LCD display and a number of pre-programmed dart games. The Eye² is the ideal dart game for those customers who want to offer the experience of league play for their friends in their homes.

Universal 110 Volt Light Fixture
Easy maintenance with optimal light distribution on the target.

"TRU-SCORE" for Absolute Scoring Accuracy

Tavern-Tested T60/30 Target
Since the late 1980's, the T60/30 target has provided more target area and less "spider" than any competitor.

Hinged target design enables easy access to the matrix and segments from the front of the game.

Interchangeable with optional 4-color and international size targets.

Fold-in-Half Transportability

Hinged 3/4" plywood cabinet design makes the game easy to set up, break down and transport.

Piezo "Missed Target" Sensor

Diamond Plate

T-Molding On All Exposed Edges

Throw Line Notch

Highly-Visible Overhead Scoring

Forward facing and tipped at 8 degrees for easy-to-see viewing for both players and spectators.

Dot matrix display area provides player instruction before and during game play, and improves communication of feats afterward.

Auto and Manual Player Change

Programmable, including delay timers for automatic and manual player change. New electronic player change button features no moving parts.

Phone-Style Keypad and LCD Menu Operation

Back lit LCD and 3-button menu enhance setup and statistics reporting.

Storage Access Door

Locking front access door provides convenient storage for darts, extra tips and accessories.

Multiple Games and Game Options

Includes "old favorites" like "01" games, Cricket, Hi Score games and popular Wipe Out, You Pick It and Cut Throat options. Also features fun, speed-based games like Rapid Fire.
