

Shelti™

A New Revolution in Darts!

For More Information, Visit BMI Gaming | www.bmigaming.com | 1-800-746-2255 | + 1-561-391-7200

What is It?

The new Shelti RD is equipped with a software system called Radical Darts.[®] Developed by Gaelco Darts in Barcelona Spain, it is the result of years of research and continuous improvement, all geared towards having the most advanced dart machine on the planet.

- **Online System**

The Shelti RD allows you to play live with other people in bars all over the world. Web cameras, a laser throw line, sensors, and competition software means you can play online in real time with your opponent, as well as a record of throws and results.

- **New Competition Concepts**

As an operator or dart association you can organize all kinds of competitions from any computer and send them to any of your machines you like. Local, regional, and even international competitions are possible with this machine!

- **Advertising**

Advertise results, sell add space to local companies, and announce dates and times of upcoming events. Video advertisements can be created from your office computer and can be uploaded to the machines through the software program in minutes.

- **Shelti RD synced with Website**

Visit www.shelti.com where you can find a link to the Radical Players website. Here you can see in real time up to the minute standings, and find your nearest machine. Players can check their scores, and even watch live games!!

The screenshot shows a 'User data' registration window. Fields include:

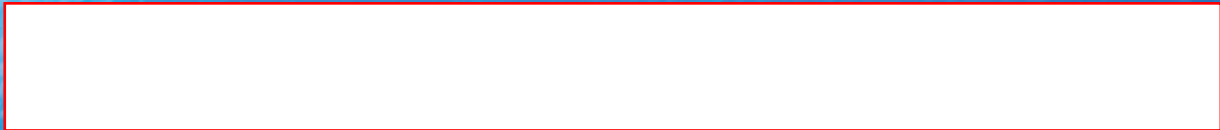

- UserID: JS02152010
- Alias: Jill
- Sex: F
- Name: Jill
- Surname: Smith
- Bonus points: 0
- Bonus Account: 0
- Date of Birth: 2/9/2011
- MPRL: 0
- FPD: 0
- Group: 4 Aro ancho
- Operator: OPSHELTI
- Address: 333 Morton St.
- City: Bay City MI
- Postal Code: 48706
- Phone: 989-893-1739
- Date of Registration: 2011-02-09 16:15:34
- Country: USA
- Language: English
- Email: darts@shelti.com

 There is also a photo of Jill Smith and buttons for 'OK' and 'Cancel'.

- **Player Identification**

When a player registers in the system, you get a photo of the player along with a detailed profile sheet for managing your player database. In addition the players can use the website to keep current on standings by logging in with their ID.

- Laser Throw Line

The Shelti RD uses a state of the art laser throw line. Eliminate having to mark the floor with tape and avoid arguments over measurements.

- Remote Referee System

Strategically placed cameras along with an internet connection, allow machine to automatically send all game information to the operator via a central server system. This information can be accessed at any time and can be validated or overruled. With this patented system you can organize events regardless of player location.

- Competition Software

The Shelti RD utilizes an advanced software system to help you manage all your events. New events called Rankings and Virtual Leagues are available as well as Leagues and Tournaments. The software handles all the information; automatically scheduling matches, logging results, and player statistics, all of which can be accessed in real time through your computer.
