Bill Changer AC7805
Adding a "Bill Breaker" to your business can:

- Change larger bills into "smaller bills" with an automated attendant
- Improve customer service and reduce labor costs
- Enhance your business with 8 different front & rear load models to choose from.
- Reduce employee theft

American Changer’s “newest” rear load Bill changer is designed to break larger bills into (2) types of smaller bills and coins, using “street grade” bills! It features a high security design; Pyramid validator, 1-hopper and an “LG” dual bill dispenser used by several Fortune 500 companies, in Kiosk’s. The “LG” dispenser is very reliable and requires very low maintenance. **This machine dispenses “street grade” bills and does not require ATM quality bills.** This model is ideal for the Laundry, Car Wash, Vending and Amusement Industries.
