### *Cold Drink Vendor*

Cold sodas and fruit juices. Bottled waters and iced teas. Sports drinks, diet shakes and more. This cold drink vendor from Perfect Break Systems offers them all. The machine vends a variety of both cans and bottles and has the largest capacity in its class. Plus, it features a diagnostics dollar bill validator that warns the operator when it's time to clean and service before it stops accepting dollars altogether and starts affecting sales. I deal for large and busy locations.
