Select the Number of Players (1-4)

Select the **CASUAL** Game Type

Select **18 HOLES**

Select a Course

Pay for Your Game

PLAY!

Okay you're on the first tee. Learn the controls and take a swing!

THE TRACKBALL CONTROL

Pull back on the trackball and then push forward to swing your club.

The direction you pull back and forward will determine the ball's flight.

Backswing determines the direction your ball will land. Forward swing determines the direction your ball will take off. The speed of your forward spin controls distance. Don't hit it hard, hit it fast!

THE BUTTON CONTROLS

Press FLYBY button before your shot to view the hole from the tee to the pin

Hold FLYBY to look up, and press LEFT or RIGHT to turn your golfer

Press START button to place a Golden Tee to enhance and control your drive

Use the 3 camera buttons to view your ball in flight

Press yellow Options button for mulligans, replays and more helpful options

MANAGE COURSE CONDITIONS

Winds will affect your ball while in flight. Different terrain will affect your ball when it lands.

Choose the right club for distance, factor the wind when aiming, and choose spin control to manage the ball when it lands.

Start out by playing the fairway. As you get better, look for shortcuts or other ways to reach the green.

HOW TO PLAY ONLINE

Customize your golfer, keep your stats, use better equipment and compete for cash prizes!

CHECK IN AND PLAY

Simply start a game as usual and select an ONLINE game type. Then check in with your ID when prompted. Your ID can be any card with a mag strip, a Golden Tee player card from goldentee.com or a 10-digit number and PIN. Always use the same ID every time you play to access your profile each time.

CUSTOMIZE YOUR GAME

Press the yellow Options button to dress your golfer, buy and select enhanced balls and club sets, send your great shots to YouTube and more. Download the GT Caddy app for your mobile device and gain access to even more exclusive customization options.

PRIZES GAME FORMATS

Most prize game types (where available) require an additional entry fee to fund the prize pool.

Note that games under ONLINE GOLF are contests for stats and rankings only.

MONEY SHOT

Contests are open 1-hole contests that run for 24 hours each day with big prize pools and lots of winners. Players take 3 shots to try to land the ball as close as possible to a pin with no hole. The player with the shortest distance wins the big top prize!

18 HOLE PRIZES

50-man contests with a \$50 total prize pool. As soon as the 50th player completes his round, the contest closes and the prize pool is automatically awarded. The top player wins \$10!

DAILY

Contests are open 18-hole contests that run for 24 hours each day with big prize pools and lots of winners. Players can enter as often as they wish, and their best 18-hole score counts toward the leaderboard. Some Daily Contests like Freaky Fridays and Monday Mixups have special courses and setups for all-new challenge and fun!

CTTP

50-man contests with a \$50.00 total prize pool. Players take one shot on 9 different holes to try and get the lowest total distance possible. The player with the lowest total distance at the end of the round will win \$10 and bragging rights!

EVENTS

Contests are week-long contests that take on a variety of unusual formats and interesting options. Handicap tournaments, special tee zones, fast 25-man contests and lots of surprises are in store for players of every skill level!
