

DEADSTORM PIRATES 4D

Surround yourself in the "theater enclosure" of Deadstorm Pirates 4D. Once inside, up to four players are immersed into the wonderful pirate story. You don't just play the game, you're in it! Unlike traditional shooters where players have to follow a set storyline and path, Deadstorm Pirates has selectable stages giving players a fresh new adventure with each play.

Players use both the recoiling gun and mounted steering wheel to shoot enemies and navigate through treacherous water while sitting on seats that move in synchronization with the game play. All four players can work together by shooting the same target to create a more powerful shot.

See if you have what it takes to sail the stormy seas and claim "Poseidon's Breath."

Installed Dimensions: 234"W x 288"D x 144"H

Shipping Dimensions: TBD

Container Quantity (40'): TBD
