### Clothing and Equipment Customizables

Dress your golfer just the way you like him, and earn clothing achievements just like you do in the bar.

You'll have access to hundreds of different clothing options and also win new items for various achievements met during game play. As if a hole-in-one wasn't enough, now you can win a space suit or beekeeper helmet you always wanted.

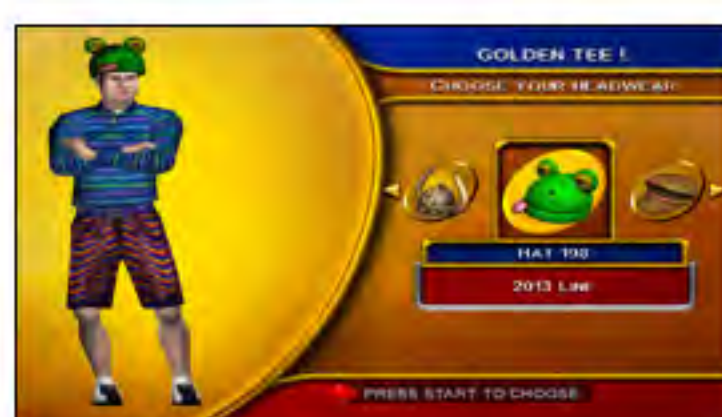

You wanted one, right?

These clothing items will stay with your golfer forever, regardless of where you play? Win the clothing, dress him or her up, and he or she will stay that way whether you play in your basement or the tavern down the road!

Forget about just looking the way you please; use the virtual clubs and balls that suit your game. All high-performance clubs and balls that are available in Golden Tee LIVE 2013 will be available for play on the Online Home Edition.

No need to purchase new clubs, balls and tees. You'll have access to the full cabinet on your individual game. Unlike clothing, the items utilized at the home will not be available for play on Golden Tee LIVE cabinets unless they were previously owned.

## FAQ

**Q: What comes with a Golden Tee Home Edition purchase?**

A: When you purchase a Home Edition game, you'll get the Showpiece cabinet, the marquee identifying the game, and an HDMI cable to connect the game to your HDTV of choice. If you've purchased a month or year online subscription with your service, your game will come online ready.

**Q: So a HDTV doesn't come with the purchase?**

A: Nope, the HDTV is on you. Most bars typically use a 42" flat screen, but the size is up to you. If you're looking for a way to mount your television, you can [contact us](#) to find out more about IT's official Showpiece stand.

**Q: Does my HDTV have to be used exclusively for my game?**

A: If you already have a HDTV in place you can hook up your Golden Tee when you want to play and still watch your favorite sporting events when you're not playing. The Showpiece is moveable and can be tucked away if/when you decide to move it.

**Q: Is the game heavy? Can I move it by myself?**

A: The Showpiece cabinet weight approximately 160 pounds. It does come with wheels, however, so moving it can be done with one person. If you have to move it up or down a flight of stairs, two Golden Tee players should be able to accomplish this goal relatively easy.

**Q: How much does the game cost? Are there online subscription options?**

A: Yes, for a full rundown on the cost of a Showpiece™ and online pricing options, please visit the [Pricing & Specs Page](#).

**Q: How do I get my game online?**

A: By purchasing either a monthly or yearly subscription package, you will be able to register your game to our servers. From there, you need to connect the game through Ethernet or various wireless options. More information is available on our [Online Access Guide](#) or through a Golden Tee Home Edition [sales rep](#).

**Q: Do I need an online subscription to take advantage of online play?**

A: Yes, although Casual Play will still be available without one, to participate in online contests and track your stats, you need a subscription.

**Q: I have an older version of Golden Tee and my game is offline. Can I update this game to be an Online Golden Tee Home Edition?**

A: Yes, we have various upgrade packages that should work with your specific game. Please [contact](#) a Golden Tee Home Edition sales rep for options and information.

**Q: Is my Home Edition compatible with annual course updates for the game?**

A: Yes. You can purchase these course updates once they are available, and you will receive a USB memory stick that can be uploaded to your game. Updating is quick and easy. A Golden Tee Home Edition sales rep will contact you with updating information once the time nears.

**Q: Can I play online for prizes?**

A: No, the Online Golden Tee Home Edition does not offer Prize Play. It does, however, offer online tournaments with Glory Mode. For much more on the new and exciting additions visit the [Features Page](#).

A: Curbside liftgate service in the 48 contiguous United States will be an additional cost. Inside delivery or shipment to other areas is not available.
