70 x 79.5 x 83.8 (inch), 941 lb

“PIU2010 FIESTA” the latest software to upgrade Pump It Up (SX,DX,GX&FX) games that are in the field ; releasing in March 2010!

280 songs, the largest collection in the history of Pump

Twice more songs than the current software and return of popular Pump original songs.

Strengthened the intermediate steps for the PIU high level player, and newly improved easy steps for the beginner.

USB System

Dual Interface

Separate interface to better accommodate general player & the PIU high level play from the start.

User Customized Steps

User can play one's custom made steps by using USB
Compatible with both personal USB & Pump USB.

New and Improved Play Modes for More Fun

Battle Mode

Players may select BATTLE MODE.

Music Train Mode

Select your favorite songs to play one after another, each in less than a minute length.

Quest World

Pump even more versatile ways than WORLDMAX.
