In the vear 1944, davs before the German troops were numbered, the intelligence reports revealed that the German troops were reluctant to surrender because they held a secret weapon. To confirm the above intelligence, we assigned as a task force, sneaked into the heart of Germany, and were ambushed, resulting in one airplane and one carrier survived. Could our task force break the siege?

- # 12 fierce fighting missions
- **\*** 2 recoiling guns
- \* True-to-life sound effect
- 3 ammunitions: missile. launcher and bullet
