PUT AN ARCADE IN YOUR CABINET

For more information, please contact sales@ultracade.com ULTRACADE is a new multi-game system that puts multiple games in one cabinet, and multiple choices in the hands of the operator and the players. Powered by Quantum3D's Graphite™, ULTRACADE features a host of great titles <u>licensed</u> from industry leaders. Quantum3D's affordable line of low-cost game pack CDs enable operators to add games to their ULTRACADE system with ease, maximizing earnings year after year. ULTRACADE doesn't put a cabinet in your arcade: it puts an arcade in your cabinet.
