BOSA Nominees included a vast array of both established and new amusement firms

The Best Of Show Arcade Awards 2017 covered four product categories this year, including 1) *Video Arcade Games*, 2) *Video Redemption (Videmption) Arcade Games*, 3) *Redemption Arcade Games*, and 4) *Immersive Gaming*, which includes VR / *Virtual Reality Gaming Systems*, *Virtual Reality Rides*, *Motion Simulator Rides* and *Motion Theaters*.

Qualifying products are then reviewed and nominated for a BOSA Award by our panel of judges, then voted upon, with BOSA Nominees assigned a weighted product score after a full review and lengthy 'live' debate between the judges, with the final scoring based on these areas of importance :

Originality, Uniqueness, Playability + Enjoyment, Relevance, Market Earning Potential and Product Pricing.
